## **ATTENTION MEDICAL STUDENTS**

### **Robert C. Hendrix Travel Award**

The Michigan Association of Medical Examiners has established an award in honor of the first President of MAME, the *Robert C. Hendrix Travel Award*. Dr. Hendrix was an internationally recognized forensic pathologist and Professor of Pathology at the University of Michigan who worked tirelessly to increase the professional stature of medical examiners and forensic pathologists. The award will pay for a physician in training in the state of Michigan to come to the annual MAME meeting. This award will appropriately honor Dr. Hendrix by enhancing two of the major goals in his career, the Michigan Association of Medical Examiners and medical education, particularly pathology.

#### Guidelines for the Robert C. Hendrix Travel Award

1. All physicians enrolled in an accredited pathology postgraduate training program will be eligible to apply for the award.
2. A single award will pay for the cost of attendance at the annual meeting of the Michigan Association of Medical Examiners. The total amount will not exceed \$250.00 and would pay for lodging, food and transportation. The registration fee will be waived.
3. Application will be made by submitting the following two items:
  - (1) A letter to the chair of the Travel Award Committee. The letter from the applicant must indicate their career goals with emphasis on their goals in medical examiner work. The letter should also detail their present involvement in medical examiner work.
  - (2) The application must be accompanied by a letter from the director of the training program or senior faculty member certifying that the applicant is in good standing. These materials must be submitted by September 15, 2010, to Tammy Guastella, MAME Administrator.

## **STUDENT MEMBERSHIP OFFER**

**The Michigan Association of Medical Examiners is offering a student membership for only \$20 annually.**

**This includes medical students and pathologists.**
